

## BAUMCert

## PREMIUM

You enter BAUMCert via the Internet site (URL)  
<http://www.baumcert.com>

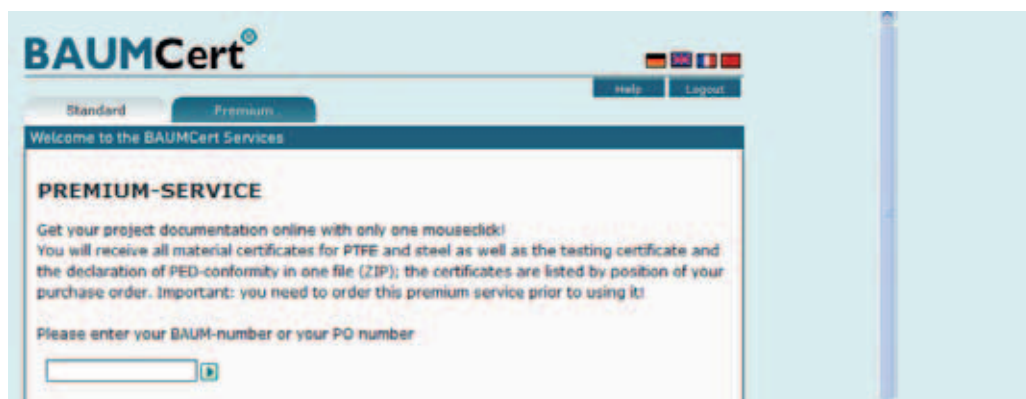

The secured area requires a login (user and password). When visiting the BAUMCert for the first time you may want to apply for a user login interactively; the login will be sent to you by e-mail within 48 hours. For the Premiumservice you need to contact our sales department prior to using the service.

Upon registration please click [Register] and fill in the application form.

If you had already registered, you enter your user name, your password, activate the selection „Premiumservice YES“ and click the button [Submit] (=start).

You will get a listing with all subscribed projects with our order no. and your P.O. order. Please click on the appropriate line to select:

The premium service consists of all material certificates and the testing certificate - so you get a complete project documentation - we will send you download link for a packed file (ZIP) by e-mail. After you download and unzip this file, you have got all certificates as Adobe PDF files. You can print these files or archive them on disk or CD-ROM.

### BAUMCert®- PREMIUM include:

- inspection certificate 3.1 EN 10204 (confirming the pressure test and the high-voltage test or the antistatic test)
- Assembly and operational safety instruction (as hard copy with the delivery note)
- PED Declaration of conformity (as hard copy with the delivery note)
- Overview of material inspection certificates for steel (MPZ 3.1) and plastic (MPZ 2.2)
- all material certificates with position precision mapping
